TEMPORARY RANGE 30 CLOSURES DURING FIREARM DEER SEASON: We understand the importance of firearm deer season to Northern Michigan hunters, families and communities. From Nov 7-22, 2026, designated gates, roads and trails within the Camp Grayling Range 30 Complex will be temporarily closed during a Department of War (DOW) federal program. The restrictions are required to keep the public safe by remaining outside active testing and training areas. We appreciate the patience and cooperation of Michigan's hunting community while this event supports the development of new capabilities for America's warfighters.

NOTICE: Training exercises are vital for troop readiness; we appreciate the community's patience and cooperation in keeping our neighbors safe. Training schedules are subject to change based on mission requirements. Follow us on Facebook for real-time updates and media. For immediate gate closure inquiries, call Range Control at 989.344.6156.
