Club 40 Pylon Race #4 & #5 results for

Sunday, November 1, 2026.

It was another near-perfect day to fly and race. After a month and a half of Sundays with bad weather, scheduling conflicts, and pilot availability issues, we were finally able to get airborne. A missing pilot delayed the start, but at 10:30 we were on our way. The competition was sharp with several races wingtip to wingtip. In the third heat of the 4th race, Larry clipped Marty's tail, ending his day and leaving 6 competitors to battle it out. And battle it out they did; in almost every heat, the win came down to how well the last turn was executed.

We ran two complete races before calling it a season.

Congratulations to our winners today: Race #4 Frank Donnelly,

Race #5: a tie between John Saunders and Larry Nowland.

And our 2026 Champion Frank Donnelly

Thank you to all the members and their spouses who helped with lap counting and race officiating today and throughout the season. We couldn't do it without your help.

Race # 4 results:

Frank Donnelly	16 pts
John Saunders	13 pts
Larry Nowland	12 pts
Tim Stagg	11 pts
Skip Chernof	9 pts
