
STOP LOOKING BACK

If you keep looking behind you, progress will be delayed. If you keep looking behind you, purpose will leave you. The dominant thing that holds people back from moving forward is **LOOKING AT WHAT WAS**.

Losers look behind them and, grieve. Winners look behind them and stay complacent. Whether you have failed or succeeded **EVERYONE** has a tendency of looking behind them.

**STOP
LOOKING AT
WHAT WAS
AND START
LOOKING AT
WHAT IS.**

You have to control the urge of looking at what was so you can open the opportunity at what is. The best opportunity you have is right now. The seeds of today are unlocking the greatness of your future. The possibilities of the present will strengthen the potential of your future. The Kingdom Constitution teaches us that joy comes in the morning. The morning comes when you **WAKE UP, GET UP AND LOOK UP.**

**YOUR JOY IS WAITING ON YOU TO LEAVE OLD SEASONS AND ENTER
NEW POSSIBILITIES.**

Anything that is destined to help you is **ALWAYS** in front of you. God is focused on giving you new things. **NEW** relationships, **NEW** opportunities, **NEW** advantages, **NEW** grace, **NEW** experiences and a **NEW** outlook. Isaiah 43:19 says, "*Behold, I will do a new thing; now it shall spring forth; shall ye not know it? I will even make a way in the wilderness, and rivers in the desert.*"

People who continue to look behind them limit what God wants to do in their life. Do not let this be you! If you can look ahead and walk forward while forgetting what is old the Lord will do the unimaginable, improbable and impossible on your behalf. The future can be yours if you can let go of the past.
