

TALKING TOO MUCH BRINGS DESTRUCTION

People who talk too much do more damage than good. They do damage to others and also to themselves. I want to focus on the damage you cause to yourself when you talk too much.

Your mouth is a tamed weapon. Anything that is tamed has the capacity to be unleashed and unraveled. People who cannot tame their tongue talk too much. James 3:6 says, *"And the tongue is like a fire. It is a whole world of evil among the parts of our bodies. The tongue spreads its evil*

through the whole body. The tongue is set on fire by hell, and it starts a fire that influences all of life."

Talking too much does not mean you shouldn't say a lot. It means you should **WATCH** what you say. People who talk too much are very careless in **WHAT** they say, **NOT** how much they say. The quality of your words means more than the quantity of your words.

Saying the wrong thing or providing unnecessary information to the wrong people in the wrong setting can trigger a whirlwind of trouble and problems for you. Most of your problems came from you talking too much.

It takes skill to speak with sensitivity, firmness while presenting accurate information without being offensive, invasive or disrespectful. There are many people who do **NOT** have this skill. However, if you can attain and develop this skill, life will treat you so much better. Life gets hard for you when you say what does not need to be said.

Your **FAVOR** is protected by what comes and what doesn't come out of your mouth. Your **PEACE** is preserved by what comes and what doesn't come out of your mouth. People who talk too much do not need the devil to destroy them. They will destroy themselves. Read this teaching to increase your wisdom. [Learn to talk!](#)
