
GOD IS SENDING YOU!

Sanding is an industrial term used by contractors in the construction industry. However, the principle of sanding is what God uses to perfect His people for His purpose. The purpose of sanding is to remove the imperfections to achieve a smooth finish while at the same time adding adhesion by developing small, rough ridges for the paint to stick to.

King Jesus uses the art of sanding to perfect you in preparation for your destiny. When God allows you to be tried and tested He is building your endurance and stamina for the future.

**GOD USES GOOD
AND BAD PEOPLE
TO MAKE YOU
BETTER. - F.H.**

WITH GREATER BLESSINGS THERE ARE GREATER BURDENS.

Romans 5:3 says, *"We also have joy with our troubles, because we know that these troubles produce patience. And patience produces character, and character produces hope. And this hope will never disappoint us, because God has poured out his love to fill our hearts. He gave us his love through the Holy Spirit, whom God has given to us."*

King Jesus uses demonic entities and people to make us better. That boss who is a thorn in your side is sand paper making you stronger, better and wiser. That family member who is an albatross around your neck is making you more patient, discerning and attentive.

God did not promise that you would not have trouble. He said He would deliver you from that trouble. God has a purpose for everything, including the people and entities that are **RUBBING** you the wrong way. Remember, that's what sand paper does. It **RUBS** you the wrong way until you are molded toward the **RIGHT** way.
