
ALERT, AWARE, ACTIVE AND ATTENTIVE

One of the quickest ways to enter into poverty is to **NOT** be aware, alert, attentive and active to your surroundings, circumstances and environments.

I'm not just referring to financial poverty. I'm referring to **EVERY** type of poverty. Relational, emotional, social, spiritual, mental, etc. The primary reason people become poor is because they are not paying attention in the area of

**PEOPLE WHO
ARE AWARE ARE
NEVER
SURPRISED BY
WHAT HAPPENS.
-F.H.**

their **TIME**. The mismanagement of time affects your relationships, emotional stability, social interactions and mental health.

People have lost so much time because they did not realize the people who stole it, misused it, abused it or controlled it. When you are poor in time you are poor in opportunity because time **INVITES** opportunity.

Do not sleep (to be unaware) on life.
Do not sleep on your surroundings.
The enemy is always lurking, seeking whom he may devour.

1st Peter 5:8 *"Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour:"*

When the lion hunts, they stalk their prey, **WAITING** for the right time to pounce. Do not let the enemy pounce on you. Stay alert, aware, active and attentive in all that you do, knowing that **TIME** is the center piece for every activity in your life. If the enemy can steal your time, he has stolen your life!
