

# KEEP YOUR INTEGRITY

Trust is fragile. It is lost in buckets and earned in drops. Integrity is when your words **ALIGN** with your actions. Integrity is doing what you say when you say it. When you are a person of integrity three **PRIMARY** good things will happen for you.

**KEEP YOUR  
INTEGRITY!**

**EVEN IF IT HURTS.**

1. People will **TRUST** you.
2. People will **GIVE** to you.
3. Life becomes **EASIER**.

Proverbs 13:15 says, "*People with good understanding will be well liked, but the lives of those who are not trustworthy are hard.*"

People who are trustworthy have an easy path to goodness. Along with the rewards of having integrity there is also **PAIN** behind being a person of integrity. People of integrity do not lie when they are wrong. They do not blame others when they are at fault which is why they experience pain.

They are criticized and punished by people because of their mistakes because they refuse to lie. Keeping your integrity will temporarily put you in the position of being hurt but it will **NOT** position you for destruction.

Liars are destroyed.

Deceivers are destroyed.

Integral people are **CORRECTED!**

People are honored by doing what they say when they say it despite how it may not favor them. In keeping your integrity you may be criticized by people. However, you will be honored by God. No matter what happens around you, to you or against you **ALWAYS** keep your integrity because life becomes

easier to the people who are trustworthy! Please read the teaching, "[the law of credibility](#)." to build upon your understanding.
