
REPLACE “I” WITH “ME”

The power of “We” will be always more impactful than the power of “I”. You can achieve and do a lot of things by yourself. However, there is a cap to your success.

It has been proven that people have done good things by themselves. However, **GREAT** things can only be achieved with **OTHERS**. This is why relationships are vital. Having healthy relationships takes you from good to great, great to phenomenal and from phenomenal to legendary.

**YOU CAN BUILD
AN EMPIRE BY
YOURSELF.
HOWEVER, YOU
CAN ONLY
EXPAND IT WITH
OTHERS. -F.H.**

The power of two is amazing! Here's what I mean. One person can be happy by themselves but it takes two to create a family. One person can start a business but it takes two to grow it. One person can inspire influential change but it takes two or more to change a community.

"When 'I' is replaced with 'We', even illness becomes wellness."

- Unknown

Relationships create wholeness, wellness and completion. In order to reach your maximum potential you

have to involve others in what you are doing. Even Jesus recruited twelve disciples to complete His mission. King Jesus is all powerful and all knowing. If anyone could have done it all by Himself it would be Him.

However, He showed us a different way. He showed us how to leverage relationships. Ecclesiastes 4:9-10 says, "*Two people are better than one, because they get more done by working together.*" This is the Kingdom law for accomplishing **MORE** of what you are doing. To go beyond limitations and barriers you are going to need more than yourself to achieve this.

Remember, one can catch a thousand but two can catch ten thousand. To **DOUBLE** your rewards, accomplishments, successes and victories team up with like spirited people so you can receive what is beyond your imagination.
