
NOTES ON ORDER

Order and organization is greatly important to God! It is the first thing that God established when He created the Heavens and the Earth in Genesis chapter one. **BEFORE** God formed Adam He established order. **BEFORE** God created animals He established order.

**BEFORE
ANYTHING
GOOD CAN
OCCUR ORDER
NEEDS TO BE
ESTABLISHED!**

**IF YOU TAKE THE TIME TO ORGANIZE YOUR
ENVIRONMENT YOUR ENVIRONMENT WILL SERVE**

YOU.

Whatever is put in order will become your servant. For example, when your shoes are in order it serves your pleasure. When your finances are in order it serves you peace. When your home is in order it serves you comfort.

THE ABSENCE OF ORDER INVITES DYSFUNCTION!

When things become dysfunctional you will lose control over your life. Dysfunction allows people to tell you what to do. Dysfunction enables circumstances to dictate your mood swings. To be the **MASTER** of your circumstances, getting things in order needs to be your **PRIORITY**.

Listed below are notations and conclusions that I have learned about the importance of order.

1. The more you get things in order the more **OPPORTUNITIES** open up for you.
2. Order brings clarity, understanding, vision, direction, joy, happiness, peace, ideas and **POSSIBILITIES**.

3. Order allows what is hidden to be **DISCOVERED**.
4. Order is a **REPRODUCTION** system. The more you get things in order the more it reproduces after its own kind.
5. Order initiates and inspires **MOVEMENT**.
6. The more things you have in order, the more you are able to **PRODUCE** and **REPRODUCE**.
7. God will give you **BIGGER** blessings as you prove to get things in order.
8. When things are in order everything and everyone will have **ALL** that they need.
