
EVIL PEOPLE LIVES

Evilness is all around us. There is no secret in discovering who's evil and whose not. The Bible makes it very clear. People who live evil lives are **CONSTANTLY** going through painful and troubling circumstances.

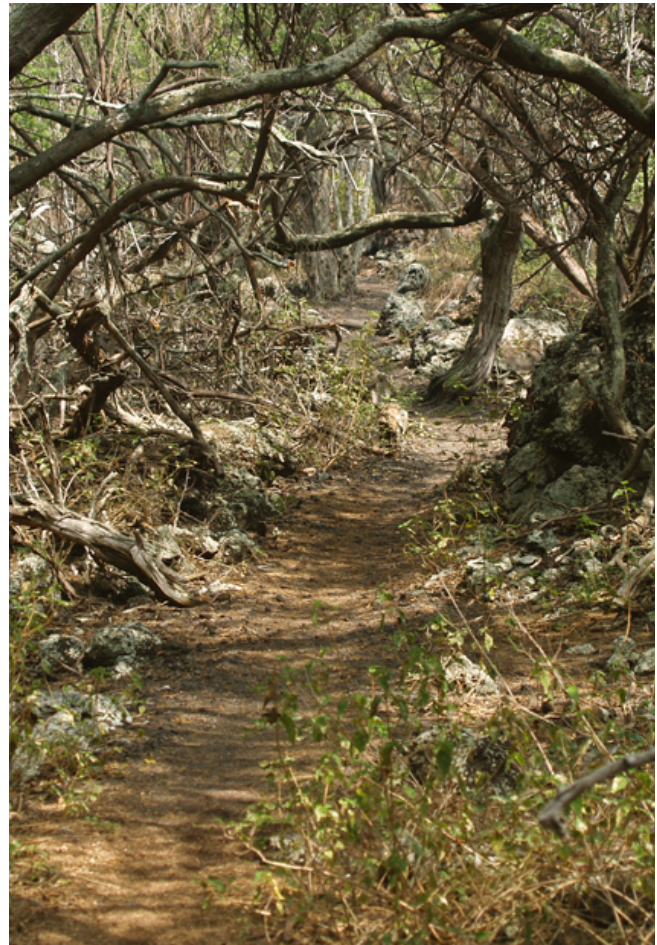

Going through pain and trouble throughout life is **NOT** natural. Despite what people may tell you. Pain and trouble indicates that you are out of alignment with the

easy and
simple, NOT

complicated.

RIGHTEOUSNESS of God.

Proverbs 22:5 says, "*Evil people's lives are like paths covered with thorns and traps. People who guard themselves don't have such problems.*" NCV.

Imagine walking on a path and every time you take a step you are stuck with a thorn that inflicts pain. It's no different than a person experiencing painful moments wherever they go, whether it's with friends, family, their job, school, etc.

The lives of evil people are hard and tough. Unfortunately, they are **NOT** in the position where they can tackle life. When you live an evil life, **LIFE TACKLES YOU!** It is no accident when you see people who have been beaten down by life's circumstances.

Evil actions create divine consequences. Righteous actions creates divine rewards. It does not matter how nice someone is, if they are producing rotten fruit, the root is evil. A person who **CANNOT** find peace and always attracts trouble is evil.
