
TIME AND MONEY WORKS TOGETHER

Having money without having the discernment on **WHEN** to use the money has no value. Understanding how to discern time but not having money will become fruitless.

In order to maximize the value of money and time they **MUST** work **SIMULTANEOUSLY** together. Money should always be moving and time should always be honored.

The pandemic of 2020 taught us the importance of time and money. The pandemic showed us that we do not have enough time as we think. It also showed us that hoarding money becomes meaningless when you have no where to spend it.

Saving money is important. However, when you save money to hoard it, it will lose its value. What's the purpose of having money to fix a much needed repair when you can't find the specialist to fix? What's the purpose of having money to go out of town when your health is failing?

What's the purpose of having the time to do something but lacking the resources to make it happen? Money and Time are synonymous with getting **RESULTS**. If you have money but don't have time discernment you will lose in the end. If you have time but don't have the money to produce the desired results you will lose in the end.

Ecclesiastes 9:7-10 encourages us to enjoy our lives and to maximize the time that we have on this earth. You cannot enjoy God's goodness if you are hoarding money and mismanaging time. A big part of God's plan for your life is for you to **ENJOY** what He created. Using money when you're **SUPPOSED**

to and honoring time when it's given to you enables you to complete God's will in your life.

WISDOM NOTE: Spending the money at the **RIGHT** time is the **SAME** thing as maximizing your time to get the best **RESULTS**.
