
THE PRICE OF WINNING

If you think the price of winning is too expensive wait until you get the bill for regret. If you do not strive to win in life you will **EVENTUALLY** drown in the spirit of regret. Regret comes when you do not take chances and risks.

A lot of people have a passion to win in life but they do not have the drive. The **DRIVE** to win gives you the willingness to pay the price of winning. The price of winning is **SACRIFICE, HARD WORK, CONSISTENCY, FOCUS** and **TENACITY**.

**A CALCULATED
RISK IS NEVER A
GAMBLE. YOU
EITHER WIN OR
LEARN.**

King Jesus said it like this in Colossians 3:23 says, "*In all the work you are doing, work the best you can. Work as if you were doing it for the Lord, not for people.*" Giving your best is a measurement only you and God can determine.

If you want to win, giving your best is the bare minimum that you must do. Sometimes your best is not good enough to get the results you're looking for. When your best is not good enough what should you do?

DO YOUR BEST, BUT DO IT LONGER!

When you have given maximum effort give more **TIME**. Sometimes

ENDURANCE is the secret to winning, not performance. Anytime you are giving your best and going above and beyond and you are not receiving the results you are looking for that is a sign that the battle requires endurance, not ability.

WINNING MAY REQUIRE YOU TO GIVE MASSIVE EFFORT OR TREMENDOUS ENDURANCE.
