
SILENCE CONFUSES YOUR ENEMY

What pleases your enemies are your **REACTIONS** to their actions. Enemies are ruled when they can see how you are reacting to their attack. Their satisfaction comes from knowing that they are getting to you.

When you have enemies in your life the **BEST** weapon you can use against them is **SILENCE**! Silence confuses your enemy. Silence keeps the enemy guessing. Silence dismantles the plans of the enemy because they do not know how to counter react.

Proverbs 17:27 says, “*The wise say very little, and those with understanding stay calm.*” People who are wise say very little especially in times of battle because of the reasons stated above. When you are in a professional,

personal or spiritual battle the best thing to do is remain silent so you don't give your enemy any ammunition to defeat you.

Silence makes you a mystery. Silence makes you deadly. Silence makes you unpredictable. Silence gives you the **ADVANTAGE** during times of battle. In your moments of silence pray and seek the instruction of the Holy Spirit and He will order your steps.

**GOD SPEAKS THE LOUDEST
WHEN YOU CHOOSE TO BE
SILENT.**
