
POINT A TO POINT B

Can't figure out how to get a raise at your job, that's a wisdom problem.

Can't understand how to grow your business, that's a wisdom problem. Can't understand how to mend the issues within the family, that's a wisdom problem.

Don't know how to manage money, that's a wisdom problem.

Don't know how to manage your health, that's a wisdom problem. **EVERY** problem you face is a wisdom problem.

**WISDOM IS THE
SOLUTION TO
EVERY
PROBLEM ON
THE EARTH.**

Wisdom is the ability to make Godly decisions. It is the ability to discern difference and it is also the ability to solve problems. Knowledge is different from understanding and understanding is different from wisdom.

Knowledge is awareness.
Understanding is comprehension.
Wisdom is application. To **APPLY** information is to come up with a resolution that works. The problems that are unsolved in your life are the areas you lack wisdom.

Proverbs 4:7 says, "*Wisdom is the principal thing; therefore get wisdom: And with all thy getting get understanding.*" Solutions that work are created by lady wisdom. The more wisdom you receive the more solutions you will have.

If you are overwhelmed with problems, start seeking the wisdom of God. Lady wisdom will lead you in the right direction. She will reveal the necessary information you need if you **PURSUE** her.

Proverbs 8:5-6 says, "*You who are uneducated, seek wisdom. You who are foolish, get understanding. Listen, because I have important things to say, and what I tell you is right.*" NCV.

YOUR PROBLEMS WILL BE SOLVED WHEN YOU SEEK WISDOM!
